John – Pat King has taken a new position as President of an Atlantic Richfield affiliate, Alternative Energy, and will not sign the CD. I am attaching a Power of Attorney which delegates authority (a.ii and iii) to various individuals to settle federal claims and execute documents confirming settlements; Roy Thun is one individual to whom such authority has been delegated. Roy's title is Life Cycle Manager.

Please let me know if you have any questions related to the attached Power of Attorney or other concerns related to Roy's signature of the Interim Past Costs Consent Decree as an authorized representative of Atlantic Richfield Company?
